

Sandvik Marine Group was established more than 25 years ago as O. Sandvik AS Maritim Elektronikk in Norway. Today the Group has 3 offices in 3 countries, with the main office in Los Barrios - Cadiz, Spain. The company is owned and run by Norwegians.

SMG focuses on customer satisfaction, providing the best possible service and support worldwide through our service stations and network of associated companies.

We provide cost-effective quality products for Navigation and Communication purposes from leading international manufacturers.

Service Engineer/ Senior Service Engineer

The position will be based in our head office in Los Barrios - Cadiz, Spain. The Service Engineer will report to the Service Manager.

Description

- The primary function of the Service Engineer is to provide field service engineering and technical assistance to customers in areas of installation, startup, maintenance, repair, training and modification on marine electronic equipment such as radars and radio stations for the deep sea market. Individual must be capable of self-managing assigned projects. This includes clear communications with onboard bridge officers and marine vessel managers understanding the challenges and customer needs to achieve a successful result.
- Worldwide travel.
- Periods of high intensity and demanding work hours.
- Company language is English.

Favoured background

- Relevant experience working with marine navigation and communication electronics.
- Preferably approved for GMDSS and VDR surveys by classification societies such as DNV, ABS, BV, LLOYDS, and RINA.
- Good oral and written English skills.
- Computer literate and able to produce clear written reports.
- Valid offshore safety certificate is an advantage.

What we can offer

- An open and friendly working environment.
- As a member of the Sandvik Marine Group you will be part of an international and multicultural environment with great career opportunities.
- Competitive compensation and benefits.
- Assistance with finding suitable living accommodation in Spain.
